

How to extract a LIBERO series of measurement

elproASSISTANT
-
Demo Version

To start...

- Download the elproASSISTANT Demo File from the ELPRO website
- Run it (no installation required)

To extract the raw data from the PDF file

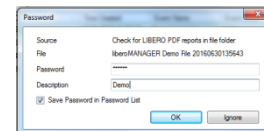

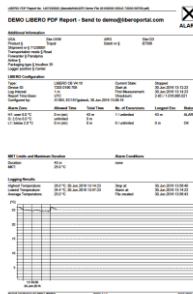

- Drop the Original PDF Report on your Desktop

elproASSISTANT will automatically process

- If required, enter the Data Password

Use the Data

- A *.csv file is created on your Desktop
- containing all recorded Data Points
